Free Electric Light For Porches

At a meeting of the Council held on Tuesday night it was decided to give free electric light current to any consumer who puts a porch light on his residence on the following conditions: That the roadway in front of the house gets the benefit of the light, that the consumer pays for the fixtures and installation of same subject to the approval of the Town Engineer, and that the lamps outside be not larger than 50 watt.

The question of granting free current for lights outside stores was also discussed, but a decision of this was delayed pending a report from the Electrical Engineers regarding the feasibility of such a scheme.

It was also decided to run the electric light on the mornings of work days from 4:30 a.m. and on Sundays and holidays from 6:30 a.m.

Sylvan Lake Man Killed by Burglar

A well known Sylvan Lake resident, Mr. Edgar Falkner was brutally murdered by a burglar on Monday night about midnight. The murderer has escaped. Mrs. Falkner returned from spending the evening with friends and found her husband and the murderer in a death struggle. Her screams attracted her brother, Mr. James Dingwall, who lived across the street but when he got there the murderer was gone and Mr. Falkner's body was found on the stairs.

Clause "D" Majority

According to the latest reports Clause "D" of the recent liquor plebiscite received a majority of 27,469 out of a total vote of 161,002. The majority of all three wet clauses over Clause "A" is 34,400 with about 19,700 votes at extreme distant points to have from.

The count of the vote so far is as follows:

"A" - 63,601
"B" - 3,817
"C" - 3,123
"D" - 21,061

The number of men and women voting is given for twenty constituencies which shows that 21,582 men and 20,061 women voted.

The latest returns for the Didsbury constituency show that 2,366 men and 1,482 women voted with the following results:

Clause "A" - 1,821
Clause "B" - 144
Clause "C" - 108
Clause "D" - 534

Action of Government Uncertain. Premier Greenfield and his cabinet are not saying anything definite about whether the legislature

Change in Weather Conditions

An acceptable change in weather conditions took place in this district on Tuesday when the first snow storm of the season set in. It was not heavy but was enough to settle the extremely dusty conditions that have prevailed for so long which made it extremely uncomfortable for travelling as well as unhealthy.

For nearly two months now the weather has been all that anyone could wish. There has been only one day in that time when threshing operations had to be closed down and the temperature has been very high at times.

This storm will no doubt put a stop to threshing operations for a time at least, but considering the uninterrupted season of good weather which has been ideal for this purpose, there can be little objection to the storm. There is still about 25 per cent of the grain to be threshed out in this district and now the farmers are busy hauling the grain. An unfortunate state of affairs exists in regard to a great deal of the grain being marketed this season and this is the extremely low grades that are being obtained. There is a lot of good grain in the district but unfortunately while the yield has been very heavy a lot of it has been frosty at some time.

Splendid Response to Chair Fund

Only a little more push and the objective of \$600.00 for the Invalid's chair will be accomplished. This week we are glad to be able to report that subscriptions to this fund have been received from as far away as New York and another from Sedalia, Alta, both from old time residents of the Didsbury district, and their assistance is gratefully acknowledged.

Now we would like to close up this fund as quickly as possible so that the little boy for whom the chair is being purchased can have the pleasure of using it at least by Christmas and so we hope you will come forward quickly and make some kind of a donation to help this very worthy cause along.

CONFERENCE ON IMMIGRATION TO BE CALLED SOON

Ottawa.—A conference on immigration between officials of the Dominion and of the different provincial governments is to be called for about the middle of November, said Hon. J. A. Rebil, Minister of Immigration.

Mr. Rebil said he wished by this conference to get the opinion of authorities all over the dominion as to how many immigrants can be placed, and in which districts. He will thus be able to direct the flow of immigration next year to the best advantage. Representatives of the shipping companies will also be invited to attend the conference, with a view to discussing transportation rates.

The minister also referred to a recent criticism by General Brudenell Booth, of the Salvation Army in London, to the effect that British authorities in the dominion were not co-operating to the best effect with a view to British emigration. E. C. Blair, of the Canadian Department of Immigration, said Mr. Rebil is at present in London working out plans for next season's activity. Mr. Blair said he is not only in touch with the British government, but also with a representative of the many societies over the who are interested in the question of reducing British emigration by emigration.

Delorme Trial

Chief Justice Lemieux May Again Be Presiding Judge

Montreal.—November 19 is the date tentatively set for the second trial of Rev. Father Anchard. Delorme, on charge of having murdered his half-brother, Raoul. The trial will be in the Court of King's Bench here.

Nothing has yet been decided regarding a presiding judge for the trial, but it is thought that Chief Justice Sir Francis Lemieux, who presided over the last trial of the priest, will again occupy the bench.

Mid Weather in Yukon

Dawson, Y.T.—Unusually mild weather continues in the Yukon which for the first time in its recorded history continues autumn activities in late October and enjoys unhampered navigation down the Yukon River. Gold dredging operations continue and there is no sign yet of a freeze-up.

Troop Train Attacked

Tunis, Morocco.—A group from carrying 100 French army engineers, was ambushed by Moroccan rebels who were concealed in a ravine along the track. Six soldiers were killed and 11 wounded.

NORMAN E. TRIMPER

THIS MAN TELLS YOU HOW TO KEEP FIT!

Flat River, N. S.—My back was so bad I could hardly work. I was always tired out and had no ambition; was never happy. I also had terrible pains in my right side. I fell half dead for about six months. I was unable to work as it should have been done. I tried several doctors and also bought the best medicine I could find, but I found no relief until I took Doctor Pierce's Golden Medical Recovery and Disease Remedy. I have taken two bottles of the Recovery and one of the Anti-Flat Tablets, now I am well again. I have not had a fall for the last ten years. I advise any sufferer to give Dr. Pierce's remedies a fair trial. They are the best, the highest for what they have done for me and shall be pleased to answer any one who may care to write me.—Norman E. Trimper, N. S.

Obtain these famous medicines at your local drug store or send an order to Dr. Pierce's Laboratory in Bridgeburg, Ont., for the Recovery and Anti-Flat Tablets. Write Doctor Pierce, President, Standard Hotel in Buffalo, N.Y., if you desire free medical advice.

France Not Supporting The Separatist Movement

Paris.—There is absolutely no foundation for the assertion made by former Premier Lloyd George, as quoted in a message received from the United States that French money was behind the Rhineland separatist movement, it was said at the French Foreign Office here. The French Government is waiting for it to be determined whether the movement is popular and sincere.

Meanwhile French troops had been directed to do only one thing, and that was to maintain order. When this is done, the troops will intervene to restore order when the trouble is caused by the separatists or loylists.

New Sales Tax In Force January 1

Department of Customs and Excise Completes Regulations

Ottawa.—The regulations for the collection of the new 6 per cent. sales tax have now been completed by the Department of Customs and Excise. The new regulations come into force on January 1.

The purpose of the new sales law and regulations is to collect the tax at the source instead of levying a series of smaller taxes collected on each sale as at present. It is also provided that a similar tax of 6 per cent. is payable on imported goods.

The new law is to be enforced through licensed manufacturers and dealers who sell to the public, and through manufacturers who produce goods to the value of more than \$1000 per year must take out a license. It is also provided that the value of the goods used in the manufacture of the goods is otherwise exempt from the tax.

Movement of Ontario Grain

Toronto.—According to the weekly report issued by the Ontario Department of agriculture, very little grain is moving to market at present. There is a wide variation in the prices quoted for hay, from \$6 to \$20 per ton. Lather is still very scarce, much more so than of this time of year.

Vancouver.—With logging a steamship, W. E. Frost was finally injured and disabled. Frost is one of the Britishers who worked on the prairie last year and fields this summer and recently came to Vancouver from Calgary. He is said to have a wife and family in England.

Troop Train Attacked

Tunis, Morocco.—A group from carrying 100 French army engineers, was ambushed by Moroccan rebels who were concealed in a ravine along the track. Six soldiers were killed and 11 wounded.

Bribes Refused By Railway Conductors

Police Guilty of Criminal Offense Must Be Punished

Winnipeg.—Severe lessons are being taught some of the travelling police on Canadian Pacific railway. One way or another, the police are still trying to defraud the taxpayers by exacting rates less than tariff rates, and during the past two years have reported to the police authorities in stations or at branch offices on the part of portions of the railway.

In Peffer, a Winnipeg magistrate declared that he was reluctant to pin such a heavy fine as \$1000 on a man, so far as a first offence, when a man, a foreign national, was arraigned on complaint of the passenger train employees of the Arborg line, and pointed out that in his opinion these poor foreigners have been educated to this practice by the native Canadians.

R. A. Bonner, K.C., representing the passenger, agreed with the magistrate, but declared that the conduct of conductors is a criminal offence, and that the company intended to follow this procedure over the entire system.

Marshall Will Consider Offer

London.—The Canadian Press correspondent saw Hon. Duncan Marshall with reference to his reported acceptance of the position of Liberal on the part of the Dominion. Marshall said he was reluctant to pin such a heavy fine as \$1000 on a man, so far as a first offence, when a man, a foreign national, was arraigned on complaint of the passenger train employees of the Arborg line, and pointed out that in his opinion these poor foreigners have been educated to this practice by the native Canadians.

Mr. Marshall said: "When the offer is made to me I will discuss it. At present I am but here with the cattle embryo."

Interesting Stories For Young Folks

Published by Perma-son Thomas Allen Publisher

I DON'T CARE

That is one of the words of all boys, when a very sharp tooth falls.

A horse lost a shoe once, and the owner did not care. And some one wrote this verse:

"For want of a nail a shoe was lost, For want of a shoe a horse was lost, For want of a horse a rider was lost, And all for want of a nail."

When I was a student at Toronto University, there took place one Feb. 10, 1914, the great fire which nearly destroyed the university, and it was twenty years before the university was again built.

Mr. Wilson, who saw the building of his life, helped to put up another.

He died in 1914, the night of the

college year.

There were no electric lights in those days, and lamps were used.

The building was badly damaged

but every window was intact,

and making a careful step, he stumbled,

and falling, came to his feet again,

and the falling, he ran to the great window, soon descended the great window, soon descended the great building.

It all came from a carelessness step.

One night of a tailor who gave

and bound his pants low down over

his belt and the edges all frayed,

and a pair of dirty pants down over his

wrists—what a poor advertisement

for the trade and all because he does not care.

And you have a trade, too?

Your business is to show every other girl

and business man that he ought to

and you don't care, then you

can't show them anything except what

they should not be. They should not be like you.

And you have a trade, too?

Your business is to be blind, do you?

You can't see to be blind, do you?

HUSKY PUPS BORN AT CHATEAU FRONTENAC

1 and 2—"Over the Top," 2—"Makwathie," 3—The pup ponders over his fate, 4—"Negik" was born in April and is considered the most promising of the litter. It will be seen that wolf blood runs strong in his veins.

THE Husky Dog team which has been such a popular feature of the winter sports activities inaugurated by the Chateau Frontenac at Quebec three years ago, shows promise of future teams of exceptional merit. Two very fine litters have been produced. On the morning of April 16th, the Indian girl, Wobsha, who had been sent to find that Wobsha, a beautiful white female husky, had presented as her contribution to Quebec winter sports, three pups which very much resemble wolf whelps, were born. They were discovered in a hollow log, and the Indian, Negik, who was jealous of the attention shown the family of her team mate and, not to be outdone, presented the Indian with a litter of eight. Great hopes are entertained for the future of the litter, which will stand to the weight of Makwathie, the sire, a splendid beast of some 100 lbs. with shaggy grey coat, long vulping muzzle, pointed ears and pale amber eyes glinting through narrow, a hundred pounds per dog.

Around The Town

Miss Emily Moyle has taken over the position formerly occupied by Miss Jean Edwards as bookkeeper for Mr. W. G. Liedemer.

The St. Elmo Women's Institute will hold a sale of work and dances in Elton school on Friday, December 7th.

Remember that thousands of other people are mailing an unusual number of letters and parcels, too, at this season, and if they all pile up together the last few days, it is impossible to get everything handled and delivered on time, and somebody is bound to be disappointed. Mail early, and see that your friends get your Christmas greeting before the day's festivities are over.

WOMAN MAKES FIGHT

AGAINST DRUG EVIL

One thrill after another is to be found in the big film success, "The Greatest Menace," that has been booked for local presentation in the Didsbury Opera House for three days, Monday, Tuesday and Wednesday, November 26, 27 and 28.

"The Greatest Menace" is unusual, bold and daring in construction and calls "a spade a spade." It was adapted by Albert Rogell from an original story by Angeles C. Kauffman, with Mr. Rogell personally directing the picture.

The management of the Opera House in keeping with its policy to obtain the latest and best pictures is delighted over the booking here of "The Greatest Menace." An expose of the drug systems wherein an exciting love story is deftly woven about the plucky fight that a woman makes singlehanded against a powerful drug ring and how she successfully wins out, is told with gripping scenes. A woman against an impregnable band of organized drug dealers gives the "plot" the biggest kind of thrills imaginable.

"The Greatest Menace" carries a story away from anything ever shown here before. Every father and mother in the land is expected to see it. Their children can not only enjoy the film, but obtain a great lesson from it.

Toddy was not much older than the twin in the house, like myself. You and Mariana Anne have been so awfully good to me," he said, and I he had not been so big I should have said them were not good off. "I don't know what I can do. It will hardly get me out of that hole, making little rocks out of big ones, perhaps. And you might be up to the neck in mud. I am sure. You are not in to out of there alone," stubbornly, and what would Mariana Anne and the kids do if you got sick again?

Then Toddy had announced that he had a cold, and that he was not going to have known him if I had Murray.

I jumped into the bath.

"Marianne Anne and I this would not be in the bath. Toddy at ones of course, I said. "You are a darling, Toddy, and I like to kiss you. You are good, but Murray and I are going to have a good time, and we will all go along, and we will all go along beautifully." "It's right," added Murray, with a smile across the sofa's back.

HELP FOR YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Winnipeg, Alta.—From the time I was born until I would get such nice red lips in the lower part of my abdomen, followed by cramps and vomiting. That keeps me from my work, I help my parents with the house work, and I am not able to go to bed for the rest of the day. Once I would have to walk the floor, I suffered in this way until a friend invited me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I am very glad I tried it. It is a different kind of medicine than I had those troubles."—Gretta Holmberg, Box 95, Winn. Alta.

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound, made from native plants and herbs, and to this day the record of being the most successful remedy for female ills in this country, and thousands of valuable testimonies.

If you doubt Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Colborne, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

some day. And I made a sort of hibernation with Catherina to clear another twenty-five acres during the winter. With any sort of luck we should be able to get a payment with our drawing on our home.

Two weeks later we set out for our new home.

Our dwelling is still ever again spent there such long weeks. The least of our worries was the subject of our eating. Then came the decision as to what furniture we could have. This was more practical than Mr. Herrington's. I knew the house, and I knew the size and shape of the rooms, and the location of the doors and windows. We sold some old furniture to the people who rented the cottage, but Mother's furniture I could not part with nor could I make all of it go. I had to make a decision that we must have the new machine, all our silver, and china and pictures, Father's bedpost and all our books, my two old chairs and the living room couch.

It was the bedroom furniture and a Carron stove we had picked up on the way to Hobbing, were but we felt we could not do without them. I do not know as much as their credit rating, as we know now we should probably have out the somewhat. In the end Herrington offered to keep the house a week, and we could not afford to pay him for the week. The morning after we came up, Sherry took us both and shined the children and Toddy was in plumb mood, and Murray, though tired, and very quiet, and not reasoning, was still with us. I do not know if the world had come to an end, we might be bound for Heaven, but for the moment no place seemed quite so comfortable as Winnipeg. In the early hours of the morning we crowded to see us off, the Robertsons, Mandie and her mother and B. F. Mrs. Stevenson, and several of the neighbors, and the station agent, who are by the sad partings and sometimes sudden return of the little ones of the world. I do not know if the world had come to an end, we might be bound for Heaven, but for the moment no place seemed quite so comfortable as Winnipeg.

We moved out of our cottage on the 15th of June, and we were in Mandies, and I am in Herrington's. Hope the next morning, Toddy coming with us for his two weeks holiday.

I am not in the house, and I have had nothing but a sad and lonely home.

on a big pile of money, and he has a house.

There were two stores in Spruce Creek, one large and one small. The larger did an odd-birds trading business, and the smaller, of course, did a general grocery trade.

We were up at the crack of dawn, and everyone respected and treated him, though few seemed really to like him. He sold everything from fine machinery to groceries to the old man, and the boy, and the red-headed peasant, each butter and bacon, poultry, meat, bread or butter, cold meat, cheese, beer, and wine.

He was here the next morning, and I put him down as shrewd and honest, but not very kindly. He had a good smile, and everyone respected and treated him, though few seemed really to like him.

New Island Discovered

Was Hidden By Eighty-Foot Iceberg in Arctic

The Norwegian Captain Viktor Arnesen, who has just returned from the Arctic region, claims to have discovered an island, twelve English miles in circumference, near Franz Joseph's Land, in latitude 80 degrees 40 minutes. It was previously hidden by an iceberg between 50 and 80 feet high, which has melted. This shows the exceptional nature of ice Bergs thrown in the Arctic.

Baby Cutting Teeth Was Very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effective for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsement of so many Canadian mothers during the past 18 years. It has been on the market.

Mrs. J. C. Charlton, Charltonville, Man., writes:—My baby girl was very sick with diarrhoea. Dr. Fowler's was causing her distress. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me on a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well as ever!

Now, always keep "Dr. Fowler's" in the house and recommend it to all those troubled with diarrhoea."

Price 50¢ a bottle; put up only by The T. McIlroy Co., Limited, Toronto, Ont.

Trafalgar Day Commemorated

Floral Tributes Sent From All Parts Of World

The traditional pilgrimage to the Nelson column in Trafalgar Square, London, marked the Trafalgar anniversary Oct. 21. Large numbers of people, including parties of boy scouts and girl guides, passed around the column, including the many floral tributes from all parts of the world, including ten large laurel wreaths from French and Spanish soldiers and a full-sized anchor in laurel leaves mounted with Flemish poppies from the British Legion and branches of the Navy League.

Quiberon, Capetown, New Zealand, South Africa and other parts of the dominions sent tributes and wreaths. The high commandant of the dominions sent beautiful floral tributes. The Newfoundland representative contributing a model of H.M.S. Victory worked in flowers and flying Nelson's famous signal.

League Asks Nations To Protect Scientists

Assembly at Geneva Urged Protection Of Inventors and Discoverers

Those scientists who make discoveries or benefit to humanity should not long be forgotten. The materials and tools of their labor, was the decision of the League's Nations' commission on social problems in a report given to the General Assembly of the League recently held at Geneva.

A resolution was adopted urging all countries to protect the property rights of the savants whose discoveries or inventions have often brought fortunes to promoters but only poverty to scientists.

An Oil of Merit. Dr. Thomas' Ecru Oil is a valuable medical and cosmetic, being tonic and restorative, and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body.

It is a valuable oil, having a pleasant, aromatic and sweet perfume, and will carry conviction to any who doubt its power to repair and heal.

Play is the oldest of all cultivated plants, and until the growth of the cotton industry in the United States superseded it, it was by far the most important of all the world's fibre crops.

Relieves Asthma at Little Expense. Thousands of dollars have been vainly spent upon remedies for asthma and bronchitis, with little success. Dr. J. D. Kellogg's Asthma remedy, despite its assurance of benefit, costs so little that it is within reach of all. It is to be made through another substance, although the inhalants of Minard's Liniment relieve the class of doubtful and experimental preparations. Your dealer can supply it.

Good Yields Everywhere

The final crop report of the Bank of Montreal for this season, summing up the results obtained in the various provinces of the Dominion, makes encouraging reading. It shows that despite the lateness of the season, yields that must be considered as satisfactory have been harvested in nearly all the districts throughout the Dominion. The prairie provinces, as a whole, show increases in the amount of all grains harvested, as compared with last year.

No train of thought should be allowed to run wild.

Exercise is said to be the world's oldest confection.

The Queen As Secretary

Spends Considerable Time Assisting King With Office Duties

The Queen's "office" labor is materially helped by the Queen, until recently the Princess Mary, too, assisted. Before marriage, the Princess Mary did a great deal of secretarial work for a private nature for her Royal father, and to this end endured the long hours of the night, and the noise of writing. Since she left the Palace the Queen has each morning devoted some time to assisting in certain of her household accounts, and particularly in examining correspondence from women who appeal for help on the grounds of financial distress. There never has been before in history the spectacle of a monarch and his consort working together in what may truly be called their "office," situated in the heart of a palace.

AROUND THE TOWN

Mrs. W. W. Ishbister of Chinook was visiting with Mrs. J. R. Miller last week.

George E. Paton of Crossfield came up with a load of grain for the Flour Mill on Friday.

Mr. Willard Ryckman of Chilliwack, B. C. who has been visiting relatives in this district for some time left for home on Tuesday.

Mr. Leslie Roeth who has been in B. C. and the States for some time past is visiting with his parents here at present.

Mrs. W. Wrigglesworth was called suddenly to Nanton on Thursday on account of the death of her brother Mr. Doomer.

Mrs. W. White and her daughter, Mrs. J. Finlay, and little Miss Finlay, of Edmonton, were visiting friends in the town and district last week.

If you see an advertisement in the Pioneer consider the merchant who is doing the advertising. He is supporting home industry so give him your support.

The closing exercises for the holidays and Christmas tree entertainment will be held at the Westcott Schoolhouse on Friday, December 12. All are cordially invited to attend.

Somebody is going to get into trouble one of these days if the sidewalk keep rising up and hitting people in the shins; or they may drop down into some of the holes and then there will be another mysterious disappearance. The sidewalk on Railway Avenue at the south end, is in extremely bad condition, and should be repaired before an accident takes place.

The Ladies Aid of the Evangelical church will hold a bazaar in the store formerly occupied by Campbell and Anderson, on Saturday, December 1st, at two o'clock. There will be on display a variety of fancy and useful articles, such as fancy work, aprons, baby's articles, home made baking and candy. Lunch and ice cream to be served all afternoon.

Mrs. Jean Edwards, for several years past bookkeeper for Mr. W. G. Llesesener, left on Tuesday for Seattle. Mrs. Edwards will be greatly missed here both socially and in a business way. In the life of the younger social set she was especially prominent and a general favorite and her assistance here in promoting their various sports and festivities was much appreciated. Everyone will wish her success in her new location.
